OVERVIEW

This financial overview reflects the City’s overall financial position for the fiscal year through August 31, 2012. Except as noted, year-to-date budgeted revenues and operating expenditures are generally based on the collection/disbursement patterns for the same period of the preceding year. The table on the previous page summarizes the general governmental fund revenues and expenditures.

Revenues

Taxes

The combined collection of property, sales/use, utility, gambling, admissions, and real estate excise taxes represents 73% of all resources supporting general governmental activities. The following section provides detail information on property, sales, utility, and other taxes.

Property Tax

August’s collection is \$49k, making the total year-to-date collection \$17.7 million or 54% of the total budget. In comparison to the previous year, the City collected \$449k or 3% more. Compared to the budget, the City is above projections by \$275k or 2%. 2012’s monthly budgets are based on 2009 through 2011 collections. The April/May variance from the prior year and budget is due the timing of collections. An estimated \$2.1 million of May 2012’s collection was received in April 2012. If we combine April and May, the City is right on target with budget projections.

Gambling Tax

August's Gambling Tax collections total \$147k. Year-to-date total of \$1.1 million is \$32k or 3% below the year before but is \$17k or 2% above budget. The increase in January's collection from the previous January is due to payment plans with two establishments to remit their monthly portions (starting in October) of 2011 by year-end, which was receipted in the beginning of 2012. Approximately \$30k collected in January was for the prior year. The decrease in March is due the timing of collections (the City receipted \$30k in April that was due for March). The variance in May is due to new payment plans with the same above establishments. The City is projecting gambling tax revenues to meet the budget at year-end.

Business Licenses

Business Licenses totalled \$15k for August, which is \$4k or 21% below the same month last year and is also \$5k or 26% below the current month's budget. The year-to-date Business Licenses revenue is over the prior year by \$5k or 1% but is \$15k or 5% behind the budget. The reason for the variance in May is due to two corrections (one for 2011 and one for 2012) incorrectly coded to amusement licenses and lower activity recorded for general business licenses. The City is projecting business licenses to be slightly under the budget at year-end.

The auction proceeds will only be received in 2012. The City is projecting the total state shared revenues to exceed the budget at year-end.

Interfund Services

The year-to-date collections for Interfund Services revenues are \$2.1 million. Compared to the prior year, the revenues are over by \$139k or 7%. Compared to the projected budget, the revenues are below by \$215k or 9%. The majority of these revenues are related to indirect cost allocations, which are internal administrative costs. The remaining costs consist of Development Services division’s inspection fees, Transportation division’s capital investment program reimbursements, and Maintenance division’s street maintenance reimbursements. The budget variance is due to January and February maintenance activity that was not recorded in those months and was corrected in March. The City projects interfund service revenues to be under budget by year-end.

EXPENSES

Overall the City has expended 62% of its budgeted general governmental expenditures at the end of August. This is \$1 million or 1.6% below year-to-date budgeted expenditures. See below for summary of unfavorable items for general governmental departments.

City Attorney Department is over the year-to-date budget by \$5k or 0.5%. This is mainly due to over spending on contracted services and publications and under spending in salaries/benefits and supplies.

Administrative Services Department (Finance and City Clerk) is over the year-to-date budget by \$113k or 6%. This is due to the spending patterns of the 1st and 2nd Quarter of 2012 compared to 2010 and 2011. The year-to-date budget should even out later in the year. We will continue to monitor these items to determine if a budget adjustment is needed.

Human Resources and Risk Management Department (HR only) is over the year-to-date budget by \$8k or 1.3%. This is due to over spending salaries/benefits and professional services and under spending on supplies/small tools.

Fire and Emergency Services Department is over the year-to-date budget by \$187k or 1.1%. This is mainly due to over spending on salaries/overtime/benefits (\$15k), supplies (\$115k), and intergovernmental (\$54k). We will continue to monitor these items to determine if a budget adjustment is needed.

FUND BALANCE

Page 13 shows the ending fund balance as of August 2012. The City's fund balance is a combination of current deficit/surplus of funds which have accrued from unexpended operating budgets, unanticipated excess revenues, and from balances accumulated from prior years.

The prior year's balances (or beginning balance) include funds identified as being reserved for specific purposes or required to meet the current year's appropriations. These balances also provide financial stability to the City's operation during uncertain times and provide a layer of security to bondholders.

At the end of August, the City has \$11 million reported in the combined general governmental fund balance of the current year's operating budget, which is approximately 11% of budgeted operating expenditures. This is a decrease of \$21k from the year's beginning balance. August's ending fund balance is over the anticipated General Governmental Fund Balance of \$8.4 million by \$2.6 million or 31.1%. Although the ending fund balance is above projections, it is consistent with the prior years' trends since the City receipted the first half of 2012 property taxes in April/May and will receipt the second half in October/November.
