**SUBJECT: March 2011 Financial Status Report**

---

At the end of March, general governmental revenues show \$545k or 3.4% over budget. This includes \$531k of favorable property tax and \$270k sales tax collections but otherwise almost all other revenue categories are under performing. The largest deficit is from building permits and development services' fees by \$204k.

On the expenditures' side, most departments conserved their spending and showed favorable variances. Overall general governmental funds are showing a \$1.1 million or 4.4% savings. A few divisions may appear to exceed their budget at the end of March, most are due to the timing of various payments and expenditures are on track when combined department level.

The attached report provides more detailed discussion of each revenue source and our updated projections for the year. Please do not hesitate to contact me at x6952 should you have any questions or any suggestions about the report.

**Building Permits and Development Service Fees**

Building Permits and Development Service Fee revenues totaled \$266k in March. The revenue swing between the high in January 2010 and the low in February 2010 is primarily attributable to the rush of getting permits completed prior to the new school impact fees taking effect. The year-to-date development fees revenue of \$540k is \$204k or 27% less than the budget and is also \$119k or 18% lower than 2010.

Business Licenses totaled \$4k for March, which is \$2k or 33% below the same month last year and is also \$2k or 38% below the current month's budget. The year-to-date Business Licenses revenue is under the budget by \$14k or 12% and is also \$6k or 5% below last year.

The reason for the decline from the prior year is we are seeing less licenses being renewed. In the 1<sup>st</sup> quarter of 2010 (billed for 4<sup>th</sup> quarter of 2009), there were 1,479 licenses that were billed for renewals. The total FTE count was 40,820. In the 1<sup>st</sup> quarter of 2011 (billed for 4<sup>th</sup> quarter of 2010), there were 1,453 licenses that were billed for renewals. The total FTE count was 38,820. Since there was a decline in both renewals and FTEs, we would expect a decrease in Business Licenses revenues.

Included in the Fines and Penalties revenue budget is \$1.9 million from the Photo Enforcement program. The budget was based on the prior year's revenue. The year-to-date collections from this program equates to \$528k. The associated costs includes the equipment provided by American Traffic Solutions Inc (ATS), we are also dedicating 2 FTEs in the Court Division to process the increased caseload and 1.1 FTEs in the Police Department for support services. These staff's time along with a 90% pro tem budget and interpreter costs amounts to \$362k for personnel costs. The total costs for the program equates to \$842k which is represented in the table.

Miscellaneous

This revenue source reflects the collection of interest and other earnings, rents, leases, and concessions, contributions, and donations from private sources, and other miscellaneous revenues. Interest and other earnings along with rents, leases, and concessions constitute 85% of the total revenue in this category. The year-to-date total miscellaneous is \$312k. Compared to the projected year-to-date budget, the revenues are under by \$101k or 24%. Compared to last year, the revenues are under by \$60k or 16%. The table on the next page breaks out Miscellaneous revenues by type:

Rents, Leases, and Concessions are lower than the prior year due to receiving fewer revenues for the Carco Theater, Coulon boat launches, and Coulon food concessions. Other revenues are lower than the prior year because this type of revenue stream is one-time types (unclaimed property, miscellaneous reimbursements for accidents, sale of scrap, etc.), which we would expect to fluctuate.

**EXPENSES**

Overall the City has expended 23% of its budgeted general governmental expenditures at the end of March. This is \$1.1 million or 4.4% below year-to-date budgeted expenditures. While some of these savings would be realized at the end of the year, others are due to the timing of the payments. At the end of March, there were no departments that are 10% or greater over budget. Below are the explanations for the variances that are greater than 1% but less than 10% on expenditures.

The Planning division of Community and Economic Development Department appears to be over budget by \$14k or 4.3%. This is due to the timing of professional services contract payments made in 2009 and 2010 compared to 2011. Payments were made later in the year for 2009 and 2010 and therefore would skew the current 2011 year-to-date budget. The year-to-date budget will correct itself in May and August.

The Police Department is over budget by \$258k or 4.3%. The majority of this is due to higher than anticipated salaries and wages (by \$146k) and overtime (by \$94k). Of the \$146k overage for salaries and wages (which includes budgeted uniform allowance), \$82k is related to various sick and vacation buy back/pay outs that was not included in the budget. If we remove this amount, Police would only be \$176k or 2.9% over budget. We are continuing to review the Police department’s salaries and wages to determine the reason for the difference.

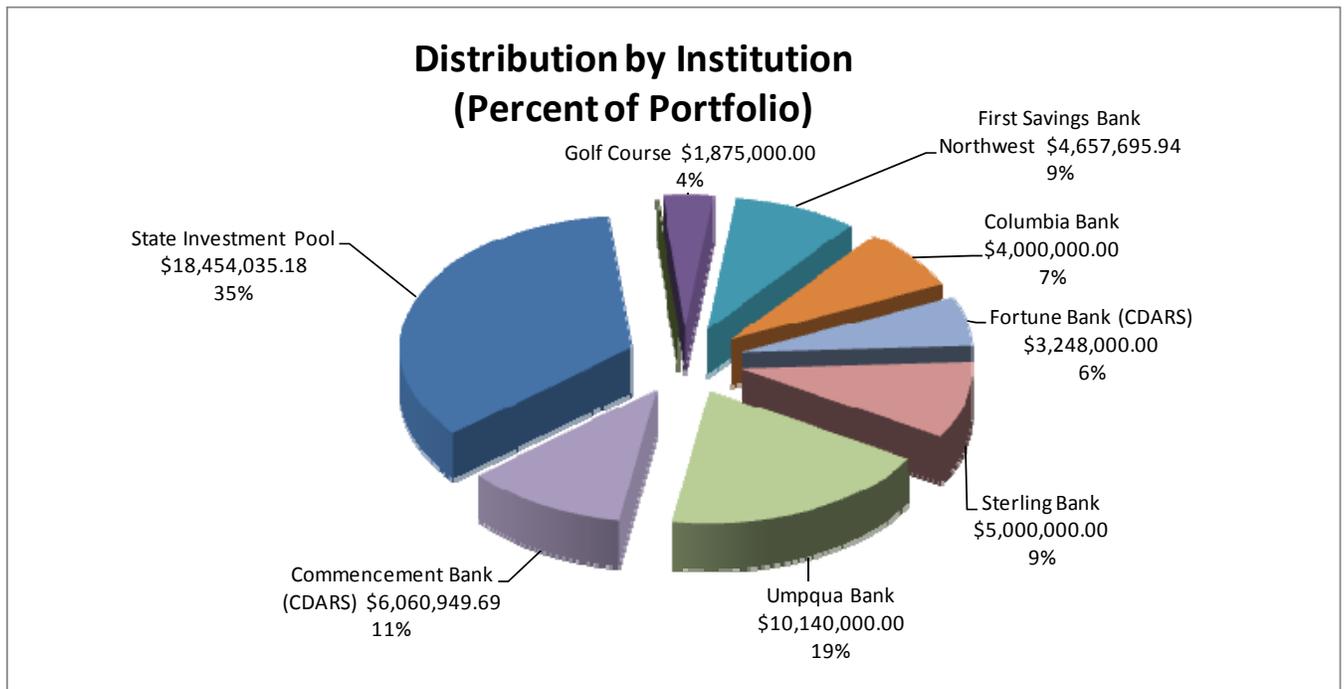

The Recreation division of Community Services Department is over budget by \$53k or 5.3%. This is due to a prior period payment (\$28k for 2009) for natural gas for the Henry Moses Aquatic Center. We will monitor their budget to determine if a budget adjustment is necessary to cover this expense at year-end.

**CASH AND INVESTMENTS – 1<sup>ST</sup> QUARTER**

The current cash and investments (C&I) portfolio is provided in the table to the right. The City’s current C&I balance is \$53.4 million, of this amount; \$1.875 million is an interfund loan investment (Res 4070) from the general fund (000) to the golf course fund (404). This interfund loan is due in full on December 1<sup>st</sup> 2015.

Currently the majority of the portfolio is located in the State’s Investment Pool (34.5%). The rest is spread out between various certificates of deposits (total of 62%) and the interfund loan (3.5%).

**FUND BALANCE**

Page 14 shows the ending fund balance as of March 2011. The City's fund balance is a combination of current deficit/surplus of funds which have accrued from unexpended operating budgets and unanticipated excess revenues and from balances accumulated from prior years.

The prior year's balances (or beginning balance) includes funds identified as being reserved for specific purposes or required to meet the current year's appropriations. These balances also provide financial stability to the City's operation during uncertain times and provide a layer of security to bondholders.

At the end of March, the City has \$4.7 million reported in combined general governmental fund balance of the current year's operating budget, which is approximately 5% of budgeted operating expenditures. This is a decrease of \$6.7 million from the beginning balance of January 1, 2011. March's ending fund balance is over the anticipated General Governmental Fund Balance of \$3.1 million by \$1.6 million. Although the ending fund balance is above projections, it is consistent with the prior years' trends since the City will receipt the first half of 2011 property taxes in April and May. We expect the fund balance to decrease but be in line with the projected fund balance after May and continue to decrease until we receive the second half of 2011 property taxes in October and November.
