SUBJECT: **February 2013 Sales Tax Distribution (December 2012 Activity)**

2013 continues its strong start with February sales tax receipts (for December 2012 activity) totaling \$2million. This equates to \$38k (2%) over the February budget and \$39k (2%) over February 2012. **Year to date we are \$232k (7%) over budget and \$332k (10%) over 2012.**

The comparison to 2012 is a bit misleading as 2012 totals include an audit adjustment of \$132k within the Transportation Manufacturing sector; *excluding* the adjustment, **2013 is \$200k (6%) over 2012.**

\*Annual Total includes projections for March - December; **Bold and highlighted** figure in each sector is the highest YTD of the five years shown

**Key Variances:**

- The **Manufacturing sector** change from 2012 to 2013 is skewed by an audit adjustment in February 2012 for prior year reported activity. Excluding this one-time reduction, this sector comes in at \$98k (34%) under 2012. February 2013 was lower for many of our Manufacturing companies.
- The **Construction** sector is largely responsible for our continued strong showing. There are several major projects underway both in Building Construction and Heavy and Civil projects – these categories coming in \$131k and \$73k over 2012, respectively.

Please see the attached pages for analysis, historical data and early projections for each sector identified above.
